

Privacy Policy

Last updated: 01/30/2026

This Privacy Policy describes how we collect, use, and protect user information when using our application.

1. Information We Collect

Our application may access Google user data such as emails, files, spreadsheets, or other Google services strictly for automation and workflow execution purposes initiated by the user.

2. How We Use Information

User data is used only to:

- Execute automated workflows configured by the user
- Read or write data as explicitly authorized through Google OAuth
- Perform integrations between Google services and third-party systems

We do not sell, rent, or share user data with third parties.

3. Data Storage and Security

- OAuth tokens are stored securely
- Data is processed only for the duration required to complete the workflow
- No user data is retained beyond what is necessary for automation

4. Limited Use Disclosure

This application complies with the Google API Services User Data Policy, including the Limited Use requirements.

Google user data is not used for advertising, profiling, or analytics purposes.

5. User Control

Users can revoke access at any time via their Google Account permissions page.

6. Third-Party Services

This application may interact with third-party services only as configured by the user. Data is shared solely to complete requested workflows.

7. Contact Information
